**RESOLUTION #88-2010                      Re:    Amend Open Public Records Act**

**WHEREAS**, Governor Donald T. DiFrancesco signed the Open Public Records Act (OPRA), N.J.S.A. 47A:1A-1 et seq., into law on January 8, 2002 to increase public access to state government records, stating that the bill is about access and what open government should be: Government of the people; and

**WHEREAS**, Governor DiFrancesco stated at the bill signing that the bill was not perfect, and acknowledged the hard work and negotiations between the legislators and the many interested parties, including the New Jersey League of Municipalities, that went into the compromise; and

**WHEREAS**, elected and appointed municipal officials recognize the importance and virtue of access to public records for all citizens, as it encourages openness and transparency in government and increases confidence in the operation of government; and

**WHEREAS**, along with transparency of government comes the responsibility to safeguard citizens' reasonable expectation of privacy; and

**WHEREAS**, the law granting access to public records also created a 13-member Privacy Study Commission whose mission was to study the privacy issues raised by the collection, processing, use, and dissemination of information by public agencies in light of the recognized need for openness in government, and to recommend specific measures, including legislation, the commission may deem appropriate to deal with these issues and to safeguard the privacy rights of individuals; and

**WHEREAS**, in the course of its study, the commission reviewed the current and proposed means used for the collection, processing, use and dissemination of information by state and local government agencies; and

**WHEREAS**, the Privacy Study Commission studied three (3) specific areas: the disclosure of home addresses and telephone numbers, commercial use of public information held by public agencies and the impact of technology on privacy concerns; and

**WHEREAS**, although Municipal Officials and Municipal Clerks have embraced OPRA and support the fundamental purpose of OPRA, compliance with OPRA is a problem for municipalities due to conflicting decisions, requestors testing both the Records Custodian and OPRA, and a loss of efficiency and out-of-pocket costs to municipalities; and

**WHEREAS**, Municipal Officials and Municipal Clerks believe that OPRA needs to be reformed to create standardization in providing records to the public while protecting citizens' reasonable expectation of privacy and to prevent individuals, attorneys and businesses from profiting from the provisions of OPRA where they have no legitimate interest in the records they are requesting.

**NOW, THEREFORE, BE IT RESOLVED**, by the Mayor and Borough Council of the Borough of North Haledon, that the Governor and State Legislature are urged to review the provisions of OPRA and consult with Municipal Officials, Municipal Clerks, the Government Records Council, the New Jersey Press Association and the New Jersey League of Municipalities to reform OPRA to:

1. Adoption of the following recommendations of the Privacy Study Commission:

- a. Home telephone numbers, including cell phone numbers, should not be disclosed.
  - b. Individuals should be permitted to opt-out of disclosure of their home addresses.
  - c. E-mail addresses provided by individuals to government entities should be accorded the same protection as telephone numbers, and remain confidential.
  - d. Exemption from access from the commercial use of information should be contained in legislation, regulations or by Executive Order.
  - e. Consideration of the proposition that when the secondary or derivative use of a public record is a commercial/profit-making use, the commercial user should be expected to contribute to the cost of recovery of developing and maintaining such records.
2. Amending the current fee schedule to a uniform per page rate and clarifying the term “actual costs” for Special Service Charge to include the cost of labor.
  3. When agencies adopt regulations exempting certain records from disclosure, those agencies need to recognize the impact of technology on the ability to search records and make the regulations comprehensive enough to ensure that the adopted regulation cannot be circumvented by technology.
  4. The Governor should immediately fill the two vacant public seats on the Government Records Council in order to best protect the interest of all parties involved in the proper implementation of the OPRA statute.
  5. Clear authorization for the Records Custodian to bill for time spent organizing data, researching documents or translating documents to a different medium. An example is scanning documents to provide them electronic copies. Records Custodians should not be required to create a document that is not typically maintained by the municipality.
  6. A distinction should be made between those who seek a record for their own personal use and those who intend to make a secondary commercial use of the information, as recommended by the Privacy Study Commission.
  7. The municipality should be entitled to receive a seven (7) day extension for any large or complicated requests. Currently, the requestor must agree. This particularly affects small municipalities with a small or part-time staff.
  8. The requestor should be required to pick up their records within a week so that the Records Custodian does not have to keep them indefinitely. If the records are not picked up within one week, the request should be considered fulfilled.

9. Direct the Government Records Council or Office of Administrative Law as to when attorney’s fees should be awarded to requestors under OPRA to limit the award of Attorney’s fees to situations where there was a willful violation of OPRA that resulted in the requestor failing to receive a legitimately requested document.
10. Create regulations to prevent a requestor from repeatedly using OPRA to request the same documents as this creates an unnecessary and unreasonable burden on the taxpayers of the community who must underwrite the costs of these repeated responses.
11. Documents which are already available to the public on a municipality’s website should be excluded from OPRA.
12. The Government Record Council should have mandatory mediation for all complaints. Currently, mediation takes place only where both parties agree.

**BE IT FURTHER RESOLVED**, copies of this resolution shall be forwarded to the Commissioner of the Department of Community Affairs, the Government Records Council, the members of the New Jersey State Legislature that represent the Borough of North Haledon, the Governor of the State of New Jersey, Passaic County Municipal Clerks and the Municipal Clerks’ Association of New Jersey.

**RESOLUTION #89-2010                      Re:    Legislation to Reform Interest Arbitration**

**WHEREAS**, the interest arbitration process was intended to fairly and adequately give all due consideration to the interest and welfare of the taxpaying public and support local government aims by arriving at award decisions that are equitable to all involved parties, including municipalities and Police and Fire Department personnel; and

**WHEREAS**, the New Jersey Employer-Employee Relations Act, adopted in 1968, was amended in 1977 to provide for interest arbitration as the statutorily imposed terminal step in the collective bargaining process for police and fire personnel as defined by the Act; and

**WHEREAS**, the Police and Fire Interest Arbitration Reform Act (L.1995, c. 425) was signed into law by Governor Christine Todd Whitman and became effective on January 10, 1996; and

**WHEREAS**, in 2005, the League of Municipalities’ Arbitration Reform Committee suggested a number of Legislative reforms to the Interest Arbitration Process among the changes proposed by the Reform Committee were that: (1) the Arbitrator may not award salary increases in excess of the expenditure cap (N.J.S.A. 40A:4-45 et seq.); (2) the Arbitrator’s Award may provide for salary increases limited to the budget cap imposed by the State of New Jersey and/or any lawful adjustment adopted by the public employer; and (3) the Arbitrator’s award may provide for salary increases limited to the percentage established by the State or the lawful adjustment adopted by the public employer, as may be appropriate, on a department line basis; and

**WHEREAS**, in 2007 the Police and Fire Interest Arbitration statute was amended to add a new ninth factor of the 4% Tax Levy Cap which resulted in 4 of the 9 statutory factors in Interest Arbitration addresses the employer’s fiscal situation; and

**WHEREAS**, municipalities are bound by strict fiscal controls embodied in the expenditure limit and tax levy caps and it is the norm rather than the exception for state approved arbitrators to award raises for police salaries at rates that exceed the annual caps; and

**WHEREAS**, binding arbitration awards in excess of the caps forces municipalities to cut other critically needed municipal services, in order to fund salary increases, compounded by pension increases, to police and fire personnel, and cost for police and fire services continue to spiral at an unacceptable rate; and

**WHEREAS**, the state approved interest binding arbitration process is inconsistent with the State cap laws and is unfair to municipalities attempting to control property taxes through fiscal responsibility; and

**WHEREAS**, interest arbitration should be reform to provide that the cost of living and the employer's ability to pay should be given greater weight and the total costs of the arbitrator's award, including steps and cost of living (COLA) increases, should not exceed the cost of living; and

**WHEREAS**, arbitrators should be required to evaluate and analyze the total cost of the salaries and benefits, including step increases, and must provide a detailed line item analysis and explanation of the costs in the award; and

**WHEREAS**, arbitrators must also evaluate and analyze the overall compensation received by the bargaining unit, including vacations, longevity, holidays, excused leave, medical and pension benefits; and

**WHEREAS**, arbitrators should be required to live in New Jersey and the process of selecting the arbitrators and the length of time the Arbitration process takes needs to be reviewed;

**NOW, THEREFORE, BE IT RESOLVED**, that the governing body of the Borough of North Haledon, in the county of Passaic, State of New Jersey hereby urges the New Jersey State Legislature to pass legislation containing substantial reforms to the binding arbitration process; and

**BE IT FURTHER RESOLVED**, that a copy of this resolution be forwarded to Senator John A. Girgenti, Assemblywoman Nellie Pou, Assemblywoman Eleese Evans, the New Jersey State League of Municipalities, and the Office of the Governor.
